

## Appendix A.2 GREAT SupremeHealth Standard

- (a) Hospitalisation expenses will now include expenses under eligible **Mobile Inpatient Care at Home (“MIC@Home”)** stays, where all criteria for a claim under MSHL are met.
- (b) **Outpatient Cancer Drug Treatment (“CDT”) on the Cancer Drug List (“CDL”)** will be enhanced to cover up to the sum of the highest CDT limit<sup>[1A]</sup> among the claimable treatments received for each primary cancer per month<sup>[2]</sup>, if the Life Assured is receiving treatment for Multiple Primary Cancers<sup>[3]</sup>.
- (c) **Outpatient Cancer Drug Services (“CDS”)** will be enhanced to cover up to 2x of MediShield Life’s (“MSHL”) limit for Multiple Primary Cancers per period of insurance<sup>[4]</sup> if the Life Assured is receiving treatment for Multiple Primary Cancers<sup>[3]</sup>.

<sup>[1A]</sup> For GREAT SupremeHealth Standard, this benefit limit is based on 3x MSHL’s limit for the specific CDT.

<sup>[2]</sup> For the latest MSHL’s limit, refer to the CDL on the Ministry of Health (“MOH”) of Singapore’s website under “MSHL Claim Limit per month” ([go.gov.sg/moh-cancerdruglist](https://go.gov.sg/moh-cancerdruglist)).

<sup>[3]</sup> Defined as two or more cancers arising from different sites and/or are of a different histology or morphology group.

<sup>[4]</sup> The MSHL’s limit for CDS for Multiple Primary Cancers will be double that of the MSHL’s Limit for one primary cancer if the patient had received treatment for Multiple Primary Cancers at any point within the Period of Insurance. For the latest MSHL’s limit for CDS, refer to “CDS” under the MSHL Benefits on the MOH’s website (<https://go.gov.sg/mshlbenefits>).
