As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. You may wish to seek advice from a financial adviser before making a commitment to purchase this product. If you choose not to seek advice from a financial adviser, you should consider whether this product is suitable for you. Buying health insurance products that are not suitable for you may impact your ability to finance your future healthcare needs. If you decide that the policy is not suitable after purchasing the policy, you may terminate the policy in accordance with the free-look provision, if any, and the insurer may recover from you any expense incurred by the insurer in underwriting the policy.

These policies are protected under the Policy Owners' Protection Scheme which is administered by the Singapore Deposit Insurance Corporation (SDIC). Coverage for your policy is automatic and no further action is required from you. For more information on the types of benefits that are covered under the scheme as well as the limits of coverage, where applicable, please contact us or visit the Life Insurance Association (LIA) or SDIC websites (www.lia.org.sg or www.sdic.org.sg).
