ESG Focus

The core of the LEGSF is based on Environmental, Social and Governance factors. Analysing and prioritising the ESG features of companies help investors better manage risks and opportunities that may be neglected when only looking at conventional corporate financial indicators. Quality companies may tend to have higher or improving ESG scores.

Core Global Equities

LEGSF allows for diversification through a curated selection of global, core stocks. The fund allows investors to build resilient portfolios through adding holdings in developed market equities.

BlackRock's Expertise Combined with Cutting-Edge Technology

The fund managers apply their insights and expertise when evaluating over 3000+ developed market stocks in the investment universe while also harnessing technology to uncover incremental returns. This approach helps LEGSF to find international stocks underpinned by attractive fundamentals, supported by positive sentiment and benefiting from macro themes.
