

Fund Objective

A feeder fund that aims to maximise total return through the diversification in global equities market and participation in the dynamic growth of the world capital markets. The Fund is also managed in a manner consistent with the principles of Environmental, Social and Governance (ESG) focused investing.

Investment Strategy

The Fund will feed into BSF BlackRock Systematic ESG World Equity Fund (Target Fund).

The Target Fund shall be actively managed and aims to invest at least 80% in equity securities of companies domiciled in, or the main business of which is in, developed countries worldwide. The equity related securities include financial derivative instruments. The Target Fund may, when determined appropriate, invest in money market instruments, deposits, and cash. The MMIs may be issued by governments, government agencies, companies, and supranationals, and may be investment grade, non-investment grade or unrated at the time of purchase.

The Target Fund uses top-down approach by adopting a disciplined macroeconomic framework to identify major turning points in global markets to determine long term assets allocation decisions. In addition, the Target Fund also uses bottoms-up approach in stock selection process which relies on qualitative and quantitative factors in a manner consistent with the principles of ESG focused investing.

The Target Fund will use a combination of fundamental and technical analysis.
